

QUALITY POLICY

Capital Marine is committed to providing the highest standard in marine services. We listen to our customers, continually reviewing and improving our processes for service delivery in line with customer's needs, maximizing the efficiency of our resource management system.

The principal elements of our policy are:

A Quality Management System fulfilling the requirements of ISO 9001:2015, which forms the framework for achieving continual improvement, complete customer satisfaction & full realization of all company objectives, whilst satisfying applicable requirements.

To focus on the requirements of our customers, establishing levels of communication capable of fully determining their needs & expectations.

Establish and maintain a Health, Safety & Security policy for all employees and sub-contractors

To maintain an optimum understanding of risk & impact to sub-contractor with our activities & communicate these to our staff, sub-contractors & customers (as appropriate) through training and continually updated knowledge on environmental issues.

To prevent pollution & minimise the impact of our activities upon the environment in the delivery of our services and where applicable, in the activity of others in deploying those services.

To establish & maintain an infrastructure capable of supporting all company activities & realizing all company objectives.

To identify scope for improvement in every aspect of the company's activities, devising & implementing effective solutions throughout.

Date: 01st April 2019
